

# Hanen More Than Words® Program

Supporting Communication in Everyday Moments

Led by a Hanen Certified Speech-Language Pathologist

An evidence-based, family-centered program designed for parents and caregivers of autistic children under 6, or children who benefit from social communication support.

Learn practical strategies to support your child's communication, play, social interaction, and language development during everyday routines.

## Who Can Benefit?

This program may be right for children who:

- ✓ Have difficulty engaging with others
- ✓ Use limited words or gestures
- ✓ Prefer to play alone
- ✓ Need support with play and communication skills
- ✓ Experience social communication challenges

## What Parents Will Learn

- ✓ How to create meaningful communication opportunities
- ✓ Strategies to support play and social interaction
- ✓ Ways to encourage language development
- ✓ How to use visual supports and AAC naturally
- ✓ Techniques to build stronger everyday connections

## What's Included

- ✓ Parent education sessions
- ✓ Individual coaching and feedback
- ✓ Video-based learning
- ✓ Practical strategies for home
- ✓ Supportive, evidence-based guidance

## Program Format

- ✓ Free 30-minute online screening
- ✓ Free orientation session
- ✓ 8 online parent sessions
- ✓ 3 individualized coaching sessions
- ✓ Program duration: 12–13 weeks
